

LANDMARK TRACKING

LMT SMART STICKER

A sticker styled tag that enables precise global positioning to monitor and track your assets.

Smart Asset Tracking Technology

The Landmark Tracking LMT Smart Sticker is a sticker-style tag that enables precise global positioning based on a Bluetooth crowd-sourcing network, without the need for an additional SIM card.

The device is only 1.7mm thick and weighs 10 grams. It uses a flexible manufacturing process allowing it to be easily attached to flat surfaces. The device is powered by a high-capacity, disposable lithium battery offering up to two years of uninterrupted power.

This makes it ideal for various applications including; logistics, transportation, and asset management.

Long Service Life

The internal battery can power the PB708-Pro BLE tag for up to 24 months, ensuring extended usage without the need for frequent replacements.

Audible Finding

With just one tap, you can locate the tracked object with an audible sound guide, simplifying the retrieval process.

Global Connectivity

Bluetooth connectivity allows global usage without additional costs, ensuring seamless tracking regardless of location.

Movement History

Access the movement history of the tracked object on a designated app or URL, providing insights into past locations and routes.

Security Fence

Receive immediate notifications if the tracked object crosses your preset virtual boundary, enhancing security and enabling prompt action.

Easy Installation

Tear the easy-peel tab to quickly power on and start working.
